To the president of
KMGa Mountain Guide Association
Vladimir Komissarov
1a, Molodaya Gvardia street
Bishkek, 720010, Kyrgyzstan

Pinswang, 28.12.2015

Dear Mr. President Vladimir Komissarov,
Dear Mr. Vicepresident and technical director Pavel Vorobiev,

The IFMGA is observing KMGa since 2009. We realized the efforts by KMGa during these years on the way to become a full member country of the IFMGA.

KMGa is steadily organization with article, board and technical commission. The mountain guide profession is a recognized occupation with national educational standards in Kyrgyzstan and KMGa has a government licence for education.

KMGa passed three IFMGA observations with positive results. There are twenty mountain guides with diploma, local instructors in guide school, clear structure and syllabus of education.

According to the IFMGA platform with the reference handbook, KMGa will be now on a final step for an IFMGA full member country.

The final observation on the guide's course with a minimum of 5 students will be in the year 2017.

KMGa is allowed to use the IFMGA logo with the following article:

KMGa is a official candidate country of the IVBV / UIAGM / IFMGA

Hanno Dönz
President of IFMGA
